## WALTER J. GUILLE, INC.

FLOWER BULB SPECIALISTS

HICKSVILLE, LONG ISLAND, NEW YORK

# PAPER-WHITES AND OTHER TENDER NARCISSUS

These Narcissus, with their sweet scented clusters of white, cream and yellow flowers, are used most extensively for winter flowering in the home and the ease with which they can be so readily flowered under home conditions makes them one of the leading subjects for store sales. We suggest that these bulbs be offered for sale in combination with fancy bowls and other containers together with the necessary planting material such as bulb fibre or pearl chips—both of which are offered on back cover.

For florist's use they provide a quick catch crop through the mid-winter months when flowers are usually scarce and expensive.

Narcissus, Paper-White

## Paper-White Grandiflora

Our bulbs are grown in Northern Florida in a section that has consistently produced the finest quality stock available in this country.

## Terms and Conditions of Sale

This is a wholesale catalog and intended for trade buyers as we do no retail business. This list cancels all previous quotations. Prices as quoted are f. o. b. Hicksville, and include packing. Terms are less 5% for cash with order or net 60 days, less 2% in ten days, on approved credit.

## Non-Warranty

Although we exercise the greatest care and precaution in sending out only such stock as should perform entirely satisfactory, we nevertheless give no guarantee, expressed or implied, as to the quality, description or productiveness of any bulbs or roots we send out and will in no way be responsible for the crop. If the purchaser does not accept our bulbs or roots under these conditions, they are at once to be returned. No claims whatever will be allowed unless reported to us within 48 hours after the merchandise is received.

Less than 25 bulbs sold at the dozen rate, from 25 to 249 at the 100 rate, 250 and more at the 1000 rate.

## A Few Words About Bulb Sizes

No comparison of prices can be made without a similar comparison of sizes and quality. Wherever practicable in this catalog, we have shown the actual sizes in centimeters of the bulbs we are offering and our quality is the finest in every instance. Most bulbous subjects are measured by centimeters in circumference and the following scale drawing will enable buyers to determine the sizes they require.

## EASTER DATES

1940, MARCH 24th  
1941, APRIL 13th

# Dutch Hyacinths

For outdoor planting these bulbs are a universal favorite as they provide a show in the early spring garden that is unobtainable with other subjects. For florists' forcing they are a dependable crop and indispensable to the pot plant grower.

There is a vast difference in the quality of Hyacinths that is not apparent in the size or appearance of the bulbs. To judge from the glowing reports on the stock we have been sending out we believe that our bulbs, size for size, will out-perform a great many and be bettered by none. We invite comparison.

The varieties of Hyacinths listed below are the leaders in their respective colors.

- City of Haarlem.** Bright golden yellow. Makes a large spike. Considered the finest of the yellows.
- Gertrude.** Rosy pink, compact spike. A favorite with florists.
- Grand Maitre.** Fine deep porcelain blue. Large well-formed spike on strong stem. Most popular blue variety.
- King of the Blues.** Deep glossy blue. Well-formed large spike on shorter stem. Late forcer.
- Lady Derby.** Two-toned light pink with large bells on heavy truss. Early.
- I'Innocence.** Pure white with a large, loose spike of elegant form. The most popular of all white varieties.
- La Victoire.** Brilliant carmine-red.
- Marconi.** Deep rosy pink. A very fine variety.
- Queen of the Blues.** Light blue with silvery shadings. Makes a large spike. Very good for all purposes.
- Queen of the Pinks.** Beautiful deep rosy pink. Large spike of fine bells. Late forcer.

The size of a Hyacinth bulb to a great extent regulates the size of the flower truss that will be produced. All of the above varieties are available in the following sizes at the prices as shown.

French White Roman Hyacinths

	Doz.	100	1000
19 ctm., exhibition size .....	\$1.50	\$11.00	\$95.00
18 ctm., first size .....	1.35	9.50	85.00

15 ctm., bedding size .....	.70	5.50	49.00
13 ctm., miniature size .....	.60	4.00	33.00

# French Roman Hyacinths

Each year sees a marked gain in the demand for these bulbs. They make a beautiful pot plant for the Christmas trade and can be readily forced into flower at that time. Each bulb produces several spikes of very graceful, fragrant flowers. Useful as cut flowers and also recommended for house culture.

# Giant Darwin Tulips

## All Top-Size Bulbs of Finest Quality

Darwin Tulips are the most popular of all spring bulbous items and no method of flower production produces such a glorious showing at such a small cost and with so little effort. We are among the largest importers and have available at our warehouse here in Hicksville a large supply of all the varieties listed here—and these varieties are the pick of all the commercial leaders as well as the tested newer kinds that are available at reasonable prices.

The bulbs we offer are all **top size** and will measure approximately 13 centimeters. For early forcing it is desirable to use these large size bulbs, but for later greenhouse work, for cold frames and outdoor planting, the smaller size offered on the next page will produce admirably and at a substantial saving in cost.

### Prices Are Lower This Year !

	Doz.	100	1000
<b>King Harold.</b> Deep purple-red. Tall and handsome kind. ....	\$ .50	\$3.35	\$28.00

For  
Mother's  
Day

An outdoor planting of Darwin Tulips for this big flower day should prove a profitable veriture. The bulbs should be planted in beds so that sash can be put over them in the early spring and the flowering period thus regulated. For this purpose the first size bulbs offered on the opposite page should produce splendidly.

Less than 25 bulbs sold at the dozen rate, from 25 to 249 at the 100 rate, 250 and more at the 1000 rate.

### Botanical Tulipa Clusiana

This little French Tulip continues to gain in popularity and is featured by many who prefer the dainty and unusual in their gardens. The outer row of petals are pink and violet and the inside rose-white which makes a delightful combination. They should be planted in groups for best effect.

Doz., 55c; per 100, \$3.25; per 1000, \$27.50

Clusiana

# Single Early Tulips

These Single Early Tulips are the first to bloom and while their main use is for Florist forcing and for formal bedding in parks, some of the varieties are still widely used for garden planting. This is particularly true of Keizerskroon, for the color combination of this striking variety is unmatched in any other types of tulips.

	Doz.	100	1000
<b>BELLE ALLIANCE.</b> Large, brilliant scarlet. Fine for outdoor planting. ....	\$ .50	\$3.25	\$27.00
<b>COULEUR CARDINAL.</b> Fine, strong red on long stem. ....	.50	3.25	27.00

Outdoor Planting of Double Tulips

	Doz.	100	1000
<b>YELLOW PRINCE.</b> Bright yellow with red featherings as bloom ages. An old favorite for forcing and outside. ....	.50	3.25	27.00
<b>FINEST MIXTURE.</b> Single varieties. ....	.45	3.00	25.00

# Double Early Tulips

These Tulips, with their full double flowers, resemble miniature Peonies and are a favorite with florists for pot culture. They are also very handsome in the garden.

## Parrot Tulips Fantasy

The odd-shaped Parrot Tulips always attract favorable attention. This variety is the handsomest and has been in big demand ever since introduced a few years ago. The color is soft rose with beautiful green stripes and salmon on the inside of the petals.

Per doz., \$50                      Per 100, \$3.25  
Per 1000, \$26.00

## Mixed Parrot Tulips

Per doz., \$50                      per 100, \$3.25

Colchicum—Fall Flowering Crocus

These bulbs produce their flowers, which resemble huge crocus, early in the Fall and for best results must be planted early. They are also well adapted for flowering in the home where they require very little care or attention. The bulbs are large and each produces a group of flowers. The foliage appears in the early Spring.

AUTUMNALE MAJOR. This is the most popular variety.  
Per Doz., \$2.25                      Per 100, \$15.00                      Per 1000, \$125.00

Crocus—Spring Flowering

This showy, early spring subject continues to gain in popularity each season and the low prices permit of extensive plantings at moderate costs. Each bulb produces several flower spikes.

The varieties we list below are the most popular ones and cover the whole range of available color combinations. Group plantings produce the best effects.

	Doz.	100	1000		Doz.	100	1000
BARON VON BRUNOW. Blue and Purple .....	\$ .25	\$1.50	\$12.00

Rock Garden Bulbs

The bulbs listed below are specially adapted for rock garden purposes and with the present vogue for this form of gardening are in good demand. Other items, such as Tulipa Clusiana, Leucojum, etc., are also suitable for this purpose and are offered in other pages of this catalog.

These bulbs are also widely used for grouping under evergreens and shrubbery where mass plantings make a fine effect very early in the Spring before anything else is in bloom.

Chionodoxa

SINGLE SNOWDROPS

Amaryllis, Giant Hybrid

## Anemones

Anemones are among the most beautiful of all bulbous subjects and well grown flowers of good strains invariably bring high prices. These bulbs flower over a long period and thus are a very profitable crop for those who can grow them—and every grower can, with some experimenting, find some greenhouse location that will suit them.

Bleeding Heart

# Amaryllis - Giant Hybrids

## A Specialty With Us

No other bulbous subject offers such an opportunity for the development of increased sales and satisfied customers as these Hybrid Amaryllis. For years we have aided in their development and have started many concerns selling them—and we never get an unfavorable report.

For house culture the ease with which they can be flowered makes them the outstanding subject for this purpose and they also make a beautiful pot plant for florist use. **Large** display card with every order. Every storekeeper should feature them.

## Giant Hybrids---In Mixed Colors

Ranging from pure white through the various pink shades to deep red.

	Doz.	100	1000		Doz.	100	1000
2½ to 3 in.	\$2.00	\$12.50	\$120.00	3½ to 4 in.	\$3.50	\$22.50	\$200.00

## Amaryllis Halli

(Lycoris Squamigera)

The bulb produces its foliage in spring which is followed by a tall lavender spike of beautiful flowers in midsummer. It is perfectly hardy and a splendid permanent subject for summer flowering in northern gardens.

Each, \$1.00; per doz, \$10.00;  
per 100, \$75.00

## Callas

Calla flowers are an important subject in all flower shops and every grower should have a planting.

Calla Aethiopica

## Bleeding Heart

(Dicentra)

A beautiful garden plant of graceful habit, 2 to 3 feet high. The foliage is of a highly ornamental fernlike appearance, over which hang the drooping spikes of pink, heart-shaped flowers. Blooms outdoors in May and June, and in the fall can be lifted and potted for winter and spring bloom indoors. Be sure to include this in your order— always in popular demand.

Gladiolus Tristis

Creamy white on long, wiry stems. Sweet scented. Fine for garden or greenhouse. Doz., \$1.10; 100, \$7.25; 1000, \$60.00.

Ixias

Become increasingly popular. Fine when forced cool. Can be planted outdoors in the South. Finest mixture of many colors. \$ .30 per doz.; \$2.25 per 100; \$18.00 per 1000.

Bulbous Iris

No other bulbous crop offers such a spread between bulb costs and average flower return as these Iris. They occupy small greenhouse space and are not difficult to force when simple basic cultural rules are followed. And they do well outdoors, too—either in frames or in the field. With careful planning a constant crop of flowers can be had from Christmas to June and they invariably bring big prices.

Prices  
Are Lower  
This  
Season

WEDGEWOOD. The earliest blue. Readily flowered for Christmas.

Leucojum Vernum

Lily - of - the - Valley

Lily-of-the-Valley is an extremely important item for those who retail bulbs and plants. The quickness and ease with which they can be so beautifully flowered in the home makes them very popular for this purpose and creates a continued demand throughout the whole season. They are so satisfactory to the consumer that they build good will and a demand for other items. We have them packed in the small units as listed below and we advise frequent, small purchases at regular intervals. Store keepers can place them in refrigerators and keep them in perfect condition.

Lily of the Valley

Ornithogalum Arabicum

Ornithogalum

**ARABICUM.** Large umbel of tall white flowers with black base.  
Doz., \$.55; 100, \$3.60; 1000, \$30.00

**AUREUM.** This is the new yellow variety that is becoming very popular for forcing, either for cut flowers or for pots.  
Doz., \$1.25; 100, \$9.50; 1000, \$80.00

**THRYSOIDES.** This is the famous "Chincherinchee" flower of South Africa which is noted chiefly for its long keeping qualities as the flowers can be maintained in perfect condition for months. Large spike of white flowers.  
Doz., \$.55; 100, \$3.60; 1000, \$30.00

Nerine Sarniensis

This is one of the most beautiful of all bulbous subjects. The bulbs, which are perfectly hardy in the South, flower in early fall, so must be planted early. They are well adapted to garden and home flowering in the North where they bloom with little care and attention in a remarkably short period. Now being used for cut flower purposes by Florists.

Per Doz., \$1.50; Per 100, \$10.00; Per 1000, \$75.00

Price .....	\$ .90	\$6.50	\$60.00

LILIUM CANDIDUM

LILIUM AURATUM

## Lilium Erabu

This variety is largely used by a great many growers who favor its earliness, easy handling qualities, height and number of flowers per bulb.

6-8 in., 400 bulbs per case.
7-9 in., 300 bulbs per case.
8-10 in., 250 bulbs per case.
9-10 in., 200 bulbs per case.

Any of the above sizes at \$19.00 per case.

## Lilium Giganteum

This is the favorite dependable variety for Easter forcing and for use from cold storage during the remainder of the season. The prices quoted are for the northern grown bulbs and for the southern grown the prices will be \$1.00 per case lower.

6-8 in., 400 bulbs per case.
7-9 in., 300 bulbs per case.
8-10 in., 250 bulbs per case.
9-10 in., 200 bulbs per case.

Any of the above sizes at \$20.00 per case.

## Lilium Harrisii

There are lots of growers who still depend upon this Bermuda variety. It is one of the finest and largest of all and, especially for pot plants, is very highly regarded.

It can be brought into bloom very early in the new year.

6-7 in., 335 bulbs per case.
7-9 in., 200 bulbs per case.
9-11 in., 100 bulbs per case.
11-13 in., 50 bulbs per case.

Any of the above sizes at \$25.00 per case.

## FLORIST'S EASTER LILIES

These are offered by us in full case lots only.

Lily prices fluctuate considerably and while approximate prices are shown below we will be glad to submit special quotations upon request when you are ready to buy.

# Packaged Bulbs

## For Store Trade

"Sales Increased 200% to 500%"

The quotation above tells the story! The many other advantages of handling packaged bulbs are obvious. Evaporation is prevented and live condition is maintained much longer than when exposed to the dry store atmosphere. The orderly, eye-catching display prevents waste or mixing of varieties and selection by customer is simplified. Many stores have found that a display of these packages in combination with bulk bulbs is a non-conflicting sales stimulator. For display purposes, we recommend the Special 500 Package Introductory Assortment.

Typical

## Counter Layout

Combining Bulk and Packaged Bulbs.

## Special Display Package

Each of these cellophane packages have a strong, die-cut cardboard insert showing the flower in natural color approximately one-half actual size. Growing instructions, name and color of variety is stamped on each package.

# Gladiolus and Dahlias

## For Forcing and Early Planting In The South

While a complete list of these subjects will be shown in our spring catalog — ready for mailing January 1st — we are prepared at this time to quote prices for those who are interested in placing earlier orders. Our Gladiolus plantings, among the largest in the East, include liberal quantities of the acknowledged commercial leaders as well as newer kinds that are now available at prices that will permit of quantity planting. In Dahlias we are maintaining our position as the foremost suppliers of the leading cut flower kinds, and are prepared to quote our usual special prices on the finest available varieties—including many new ones that are making a fine showing in our fields. Ask for these quotations if you want them and be sure that your name is on our mailing list to receive the spring catalog.
